Subject: Project Agreements #15, #23 and #24

Sensitivity: Confidential

Valerie,

During our conference call yesterday, you had mentioned that Project Agreement #23 (Short Term SCoR AA01304) was to be sent, fully executed, this week. Project Agreement #24 (Long Term SCoR AA01564) was awaiting on more internal review and would possibly be signed and sent, fully executed, this week. Is Friday mailing date still realistic? Any news on timelines for receipt of PO numbers for these two?

Would you please update me on the status of Project Agreement #15 (Long Term Accord 28123)? When do you foresee a fully executed agreement and PO number?

Project Agreement # 25 (Total Exposure Study AA01879) was e-mailed for review on 30 Aug. Any news on where this stands? I have not routed through MDS for approval as of yet.

Finally, did you have any luck finding PO numbers for Project Agreements #9 (Dedicated Proj Manager AA00389) and #18 (Re-analysis of Free and Total NNAL 26586-2)?

Thanks
Kim
